teacher reviews

"I have used these multiple times with my students. Very easy to read and understand. Great teaching point to use and refer back to and cute enough to hang up on the walls!"

"Great graphics! Easy to read! Colors match those used while highlighting text during annotating!"

teacher reviews

"Easy to print, easy to use, and the alternating colors help students count without losing track!"

"My students used this number line regularly to solve problems."

"The visuals were great for my students to further develop their number sense!"

teacher reviews

"Every year I find myself printing off more because I can't get enough of these pretty lights!!"

Love the feel this decor gave my classroom. So realistic!

Just cut, paste, and **USE!**

Assembly instructions:

1. Cut around each template. Make sure to include the gray flaps.
2. Fold all flaps inward. "Loosely" assemble to form a cube shape.
3. Apply glue to one folded section at a time and press each section to seal.

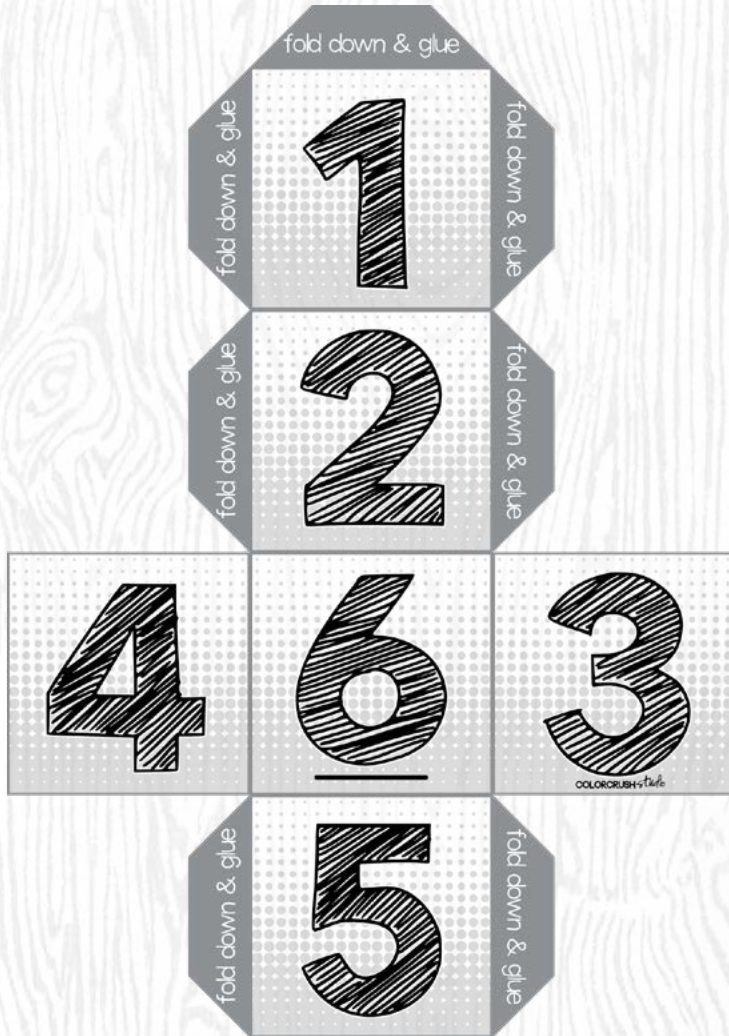

Laminating this page prior to cutting and assembly will provide for longevity of the dice.

Use these for a dice with
1" sides
